Use of each resource

Steps to upload the signature to your email:

In Gmail:

Settings → See all settings → General → Signature.

Insert the edited image and add your details (name, company, position).

Save changes and set this signature as default.

In Outlook:

Settings → Mail → Compose and reply.

Insert the edited image and your details.
Activate it to show in new emails and replies.

* This way, every email you send will include the official logo and your booth, reinforcing your participation.

Best practices for use

- Always use the **official files from** the Media Tool Kit.
- Place your **booth number** in a visible, clear spot with a good font.
- **Respect** the logo colors and **proportions**, don't stretch or alter them.
- Use **contrasting backgrounds** to keep text legible.
- Avoid blurry images, oversaturated designs, or too much text.
